

A web-based interactive solution for monitoring and taking action on Bureau Circulars. MyCircularActivity.com captures a complete timeline of workflow.

MyCircularActivity.com

MyCircularActivity.com (MCA) is the next generation circular monitoring platform that is replacing outdated tracking methods. Carriers that have made the switch are experiencing better efficiencies in their day to day operations. MGA partners are also seeing this as a win-win for their business and products as well.

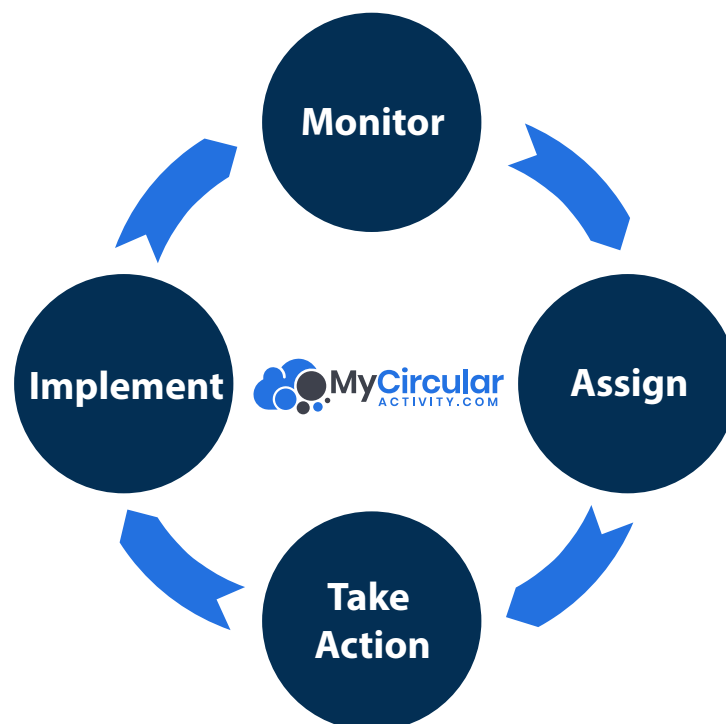

MCA provides Immediate access to thousands of circulars with custom descriptions; Efficiencies in assigning activities; and a single repository for all actions tied to a circular from release to implementation.

Strategic Alliances

Through strategic alliances with Rating Bureaus, M&C is provided with direct access to Circulars, allowing for the most efficient monitoring, assessment and management of information.

Historical Data

Through innovative technology processes, we have developed a seamless way to import historical data from a variety of platforms. This allows companies to pick up right where they left off and simplify implementation.

Feature Highlights

View Circular information from various Bureaus including an Overview and Company Action

Edit fields specific to your company to track the entire workflow

Assign Circulars to individuals/Departments generating automated e-mail alerts

Track progress through company comments and fully customizable activities

Search/Filter on both Bureau and company-specific information

Import Historical company data

Export PDF, XLS, and/or CSV format reports (useful for market conduct)

Store all Circulars and related company action in a single repository

Link PDFs of filings submitted in response to Circulars
